

JAMISON HUNTER

Mathematician & Aspiring Data Scientist

I graduated from Marian University of Indiana with a degree in Mathematics with a minor in Physics. I have both tutored and taught mathematics as well as worked in police dispatch before deciding to make a career change into the field of data science and analysis. In order to accomplish this, I worked through a data science and machine learning bootcamp with Coding Dojo.

SKILLS

- Python
- Data Analysis
- HTML & CSS
- Teaching
- OpenSCAD

EDUCATION

2018-2022

B.A. Mathematics

Marian University

2023

Data Science & Machine Learning

Coding Dojo

EXPERIENCE

2019

La Plaza, Indianapolis, IN

Math & Science Teacher

While working at La Plaza for an eight week summer school program, I helped to teach and create lesson plans in order to teach math and science to children 8-12 years old.

2022-2023

MUPD, Indianapolis, IN

Dispatcher

I worked at the Marian University Police Department for one year after having graduated from university. While there, I recieved emergency calls and dispatched first responders. I also worked in a limited capacity with university security software.
